Dear Jim:

I was shocked to find the enclosed page of minutes among my effects, it obviously having escaped from the books in some manner. Will you please restore it to its rightful place, and forgive me for causing this added problem?

I am so hopeful that while you are in office, you will bring up to date, the binding of official minutes and reports as a continuing story of the U.L. Those records preserved have been invaluable in reviewing some of the heartaches and the accomplishments of the past.

Alene and I off to Hawaii and Alaska a week from today; gone two months on combined work and play mission. Have a good Summer.

Yours,

*Harold*
